

# COLE SWEET

GAME DEVELOPER

## PROFILE INFO

Hi there! My name is Cole Sweet. I'm a Computer Science student at Western University. I love games with a passion. That passion drives me to create player experiences and support creators.

## EXPERIENCE

- **Game Programmer,** 2023 - Present  
**Big Blue Bubble Inc.**  
Will work with programmers to learn the skills to develop and support games.
- **Technical Game Analyst,** Summer 2022  
**Digital Extremes**  
Worked with a team to maintain and improve the quality of the player experience for Warframe.
- **Founder and President,** 2021 - Present  
**Western Game Design Society**  
Leads cross-functional team to create experiences for the community of 250+ members.
- **Level Design Team Lead,** 2022 - Present  
**Perigon Games**  
Facilitates level design team meetings and presents results to the larger project sprint rituals.
- **Solo Game Developer** 2018 - Present  
Works on many aspects of development such as art, design, and programming for various projects.
